

**bfs**

**CeMAT HANNOVER 2008**

**During the CeMAT fair we had a fantastic atmosphere, and we appreciated very much the great interest in our products. We would like to take this opportunity to say many thanks for your visit. The fair was a success for the battery industry with interesting meetings, a lot of ideas, innovative impulses and promises of best co-operations.**

**At our bfs prize game we have noted with pleasure that more than 80 participants estimated the weight of our big, lifelike reproduced**

**bfs-plug.**

**The correct weight is**

**16,20 kgs.**

**One first prize and three second prizes are awarded .  
The winners have already been informed.**

**We hope that you had so much fun as we had.**

**We are very much looking forward to seeing you again!  
Yours bfs-team**
